

REFERENCES

Thank you for your interest in a summer position at Royal Ridges. All summer staff applicants are required to submit reference forms. This is a great way for us to get a better grasp on who you are and if you'll be a good fit for your team. I recommend that you select your references carefully and make sure they know you well enough to give a fair assessment of you!

The number of reference forms that are required depend on if the applicant is a new staff member, or a returning staff member. Please see below for further details. Reference forms can be filled by clicking the link at the bottom of the page. It is best if you copy this link and email it to your reference.

I highly recommend that you follow up with your references and ask them to let you know once it has been completed. We will *not* consider your application until we have *all* of your references.

NEW APPLICANTS:

You are required to submit a total of **three** reference forms. One must be filled out by a parent, a teacher/supervisor and a Christian worker. Please make sure to tell your reference which reference requirement they are fulfilling. For example, if your pastor is filling out a reference form for you, let him/her know that they are the “christian worker”.

RETURNING STAFF:

You are required to submit **one** reference form. This reference form must be filled out by a teacher/supervisor or a Christian worker, not a parent or other family member. Please make sure to tell your reference which reference requirement they are fulfilling. For example, if your pastor is filling out a reference form for you, let him/her know that they are the “christian worker”.
